

## HOW TO REACH YOUR MIDWIFE

---

It is very important to us at the Bozeman Birth Center that we are easily contacted when you are in labor or in an emergency situation. As a result, we are providing you with the following contact information:

### **ALWAYS CALL 406-585-0752 FIRST, ANY TIME DAY OR NIGHT.**

If there is no answer, listen to the outgoing message and then **LEAVE A MESSAGE** with special attention to include your telephone number where you can be reached and then stay near that phone.

On the outgoing message you will hear the pager number for the midwife on call: Please remember to use this pager number **ONLY AFTER** you have identified if you are **in labor or in an emergency situation**, **AND** you have left a message at 406-585-0752 and waited **15 minutes** for a return call.

**BOZEMAN BIRTH CENTER'S PAGER: 406-522-1098**

If the midwife on call does not return your page within **15 minutes**, page her again.

If you have tried the above procedures and are still unable to find the on-call midwife, please proceed to the Birth Center. **Your midwife is never too far away.**

If you get to the Bozeman Birth Center and no one is there call:

**406-223-3006 (MIKELANN'S CELL) OR**

**406-224-3717 (KATHY'S CELL)**

The most important thing to remember is **DO NOT PANIC**. Your midwife is close!

If you are calling in regards to a non-emergency situation, simply leave a message at 406-585-0752 & your call will be returned within 1 Business day.

**PLEASE DO NOT USE THE PAGER FOR NON EMERGENCY SITUATIONS.**
